

Dear Parents & Students,

Hope you all are in the best of health and well-being. As you all are aware that the whole country is facing a crisis due to the ongoing pandemic and we all especially our children are confined to homes. We consider Education & Learning, the most important and integral part of a student's life and we have always strive hard and made best of our efforts to give the best quality Education to our school's children in even the worst of times. Even during this situation of crisis, our teachers made a point to deliver the best quality Education to our school students even while they are sitting at home. In this hour of need, we are delivering door-step education to our students through online classes, recorded video lessons, assignments, notes, test papers available to you through different modes of communication. Also, very early we noticed that some students are not able to connect to the online classes due to the limited availability of internet at their places, so we also provided every student with an App and asked them to complete the notes and assignments provided to them on a regular basis.

I wish and hope that all the students and their parents are fit, fine and healthy at home. I request all the children to get up early in the morning, always wish Good Morning to your parents, make a point to do some exercise in the morning to keep yourself fit and active, always respect you parents, behave well with them and always help them by lending your hand in the household work. Children should avoid going out of home.

As now it is the commencement of Summer Holidays for the children starting from 2nd June'2020 onwards, so we are halting the process of online classes for some time. Any further notification regarding online classes/ re-opening of the school will be shared with you after and as per the Govt. notification. We are providing every student with the Holiday Homework to be completed in this Summer Holidays. It is again reminded to all the parents to make sure that your ward completes and submits the Holiday Homework on time when the school re-opens. The students can contact the teacher directly through the already shared mobile numbers or Whatsapp, if they have query related to Holiday Homework. For any other query you can contact us on this number: 8595367513 (Monday to Saturday, between 8 am to 2pm only). You can also contact us anytime at sanjeevanipublicschool@hotmail.com. Wishing you Safe and happy holidays.
